As regards (2) it seems sufficient for the current year if the amounts allotted for well works in the D.F. Budgets are ordered to be transferred to the drinking water wells fund. If it is considered undesirable to exceed the limit of Rs 50000/-, the allotments in the several D.F. Budgets will have to be reduced proportionately so that the aggregate grant for the

	(c) There will be, in my opinion, no cause for any confusion as apprehended if the rules are properly understood and worked. The grant for drinking water wells is under Government Orders to be earmarked and cannot, as the Deputy Commissioner seems to suggest, be merged in the District Fund. When the said grant is to be thus earmarked and a separate account of it is to be kept the drawing of money from that grant on District Fund cheques will create the very confusion which the Deputy Commissioner desires to avoid. The rules prescribed may be given a fair trial.
	(d) It will serve no useful purpose to exclude the transactions of the Drinking Water wells fund from the District Fund accounts as suggested by the Deputy Commissioner Kolar in the alternative.
